## When to Seek Help

People seek professional behavioral health treatment for many reasons. Among the signs and symptoms that may signal the need to consult a behavioral health professional are:

- Threats or persistent thoughts about suicide
- Persistent feelings of hopelessness and despair
- Frequent feelings of anxiety or nervousness
- Sleeplessness, frequent waking or excessive sleeping
- Persistent, noticeable difficulty concentrating
- Increased use of drinking or smoking to cope with moods
- Unusual lack of appetite or excessive eating
- Unusual difficulty making decisions or handling routine tasks
- Unpredictable or frequently changing moods
- Withdrawal from others or from responsibilities
- Hypersensitivity to words or actions of other people
- Excessive crying or emotional outbursts
- Feelings of panic about specific things or activities
- Behaviors or ideas that are perceived as noticeably odd by others
- Hearing voices that no one else seems to hear

## CRISIS SERVICES

### Mobile Crisis Team

**410-531-6677**

MCT is a partnership between the Police Department, Humanim, and Grassroots Crisis Intervention. During hours of operation, MCT staff is able to respond to a psychiatric crisis identified by the police. MCT is available by calling 410-531-6677, or by calling 911 and requesting the Mobile Crisis Team. Two mental health professionals go the location of the individual and explore support to de-escalate the crisis and help the person in trouble. If there is an issue of safety, the team is able to gain police assistance to have the person transported to the Howard County General Hospital Emergency Department for a thorough psychiatric evaluation. MCT will refer the individual and family members to available community resources and follow-up to assure linkage.
