FY 2022 Application: Engaging Communities to Address Tobacco/Vaping Prevention and Cessation November 15, 2021 – May 31, 2022

### 1. General Purpose

The Howard County Health Department seeks to fund community-based organization(s) to reach populations/groups identified as at risk for tobacco/vape use, or having a known health disparity related to tobacco, and advance health equity efforts to provide anti-tobacco/vaping use prevention, education, and cessation resources. Tobacco use, including cigarette smoking, cigar smoking, and smokeless tobacco use, remains the leading preventable cause of death in the United States.

Data from the Youth Risk Behavior/Youth Tobacco Survey (YRBS/YTS):

- From 2016 2018, the prevalence of any tobacco/electronic smoking devices (ESDs), cigarettes, cigars, smokeless tobacco use among middle school (MS) students has increased 100% and 47% for high school (HS) students. In 2018, tobacco use was highest for Black (6.7%) and Hispanics (6.1%) MS students.
- In both 2016 and 2018 there were noted racial/ethnic disparities observed among MS students reported use of traditional tobacco products with African-American/Black (4.7%), Hispanic/Latino (4.5%) and "Multiple Races" (3.3%) reporting a higher usage rate compared to White students (0.9%).

Adult Data from the Behavioral Risk Factor Surveillance System (BRFSS):

- 2016 data showed a higher proportion of tobacco use among adults with incomes lower than \$50K (13.2%) compared to those with incomes greater than \$50K (8.0%).
- From 2014-2018, cigarette smoking among adults receiving MH services dropped from 38.6% to 25.2%. Among those receiving Substance-Related Disorder (SRD) services, cigarette smoking has remained consistent at approximately 60%, twice that of adults receiving MH services (59.5% vs. 25.5%). The most common type of tobacco product used by both groups was electronic cigarettes.

### Project must address one of the following grant objectives:

- 1. Reduce initiation of use for all tobacco products among youth
- 2. Increase awareness among adults about youth vaping
- 3. Promote and provide referral to smoking cessation resources and services
- 4. Influence social norms and public health policies regarding tobacco products

## FY 2022 Application: Engaging Communities to Address Tobacco/Vaping Prevention and Cessation November 15, 2021 – May 31, 2022

#### 2. Funding and Reporting Requirements

The funding period for this grant initiative is November 15, 2021 – May 31, 2022.

Proposals may request up to \$3,000.00

Half of the funds will be issued upon award and contract execution. The second payment will be issued upon receipt of mid-term report.

Reports of all activities, outcomes, and expenditures must be submitted on **February 15, 2022** and **May 31, 2022** on the provided reporting template.

The organization must maintain and submit financial records and activity reports. A representative of the grantee must attend two grantee meetings and one Howard County Local Health Improvement Coalition (HCLHIC) meetings during the active grant period and be prepared to provide updates on the progress of the project

### 3. Application Requirements

The project goals and objectives must address one of the grant objectives listed above. Applicants must meet the following eligibility criteria

- A current non-profit or for-profit group in Howard County; and
- Registered and in "Good Standing" with the State.
   https://egov.maryland.gov/BusinessExpress/EntitySearch

Applications are due **October 31, 2021** and should be completed using the template provided. An electronic copy of the application and any attachments should be sent to LHIC@howardcountymd.gov. *Please do not send hard copies*.

Upon funding award, awardees will be required to join the Howard County Local Health Improvement Coalition. Membership application information can be found at <a href="https://www.hclhic.org/membership/become-a-member">https://www.hclhic.org/membership/become-a-member</a>. Additionally, awardees will be requested to complete and submit the **new vendor form** and **W9**.

An informational session about the application and review process will be held on **Friday**, **October 22**, **2021** at **10:00am – 11:00am via Zoom**. Register here. Attendance is optional.

FY 2022 Application: Engaging Communities to Address Tobacco/Vaping Prevention and Cessation
